

State of Maryland

Consolidated Revenue Report

Fiscal Year 1997

Louis L. Goldstein
Comptroller of the Treasury

Serving Maryland taxpayers

**To the Governor, Members
of the General Assembly
and the People of Maryland:**

I am pleased to submit to you this eighth consolidated report on those revenues collected by the Comptroller of the Treasury. This report is not intended to replace the Comprehensive Annual Financial Report, also issued by my office, which summarizes the annual financial activities of the state.

During fiscal year 1997, the Comptroller's Office collected \$9.216 billion in revenues. Of this amount, \$6.353 billion was deposited into the state's general fund, \$2.135 billion was collected for distribution to Maryland's counties and municipalities, and \$728 million was collected for the Department of Transportation and other special fund agencies of the state. These revenues were collected at a cost to the taxpayers of 63 cents per \$100 collected.

During fiscal year 1997, the Comptroller's Office continued to expand the technologies used to collect revenue and provide service to business and individual taxpayers. We greatly expanded our presence on the world wide web, offering tax forms, publications, information and e-mail access to our taxpayer service personnel. Our website experienced 1.2 million hits during the income tax filing season alone.

We continue to expand the use of electronic filing for personal income taxes, registering a 30% growth in the number of income tax returns filed electronically for tax year 1996. We also offered, for the first time, the opportunity for visitors to use our website to search the most recently-reported unclaimed funds information. The use of our website by taxpayers and other visitors actually reduced the telephone and written correspondence burden for our office while providing more efficient taxpayer service.

During fiscal year 1997, we began collecting personal estimated income tax payments through a bank lockbox system, removing more than 850,000 checks and payment vouchers from our office workflow. We also implemented the International Fuel Tax Agreement (IFTA), under which most motor carrier payments for road use taxes are filed with a central collection entity. Our office works with that

entity and the other states to ensure that Maryland receives its proper share of road use tax revenue.

We also continue to expand the use of electronic funds transfer to collect income tax withholding, sales and use tax, and other payments. For fiscal year 1997, \$5 billion or 54% of the revenue we collected was collected through electronic funds transfer.

During fiscal year 1997, the Comptroller's Office began a strategic planning initiative to develop a strategic plan through the year 2005.

I hope this report will help you understand the organization and operations of my office and its efforts to fairly and equitably administer Maryland's tax laws.

Cordially,

Louis L. Goldstein
Comptroller of the Treasury

Mission

The Maryland State Comptroller's Office will enhance its role as the leader in state tax and financial administration. We will fulfill our mission using the most effective technologies and management practices as we continue to provide responsive and courteous service to all citizens, businesses, state employees, and other government agencies.

Organization

The Comptroller of the Treasury is organized into five major functional areas:

(1) Executive Direction and Administration, which includes the State Comptroller and his staff, and the agency's central management and budgeting functions; (2) Revenue Administration, which includes administering and enforcing the state and local income tax laws, the sales and use, motor fuels, alcoholic beverages and tobacco, energy generation, and estate taxes, emergency telephone system tax, unclaimed property and the local admissions and amusement taxes; (3) Regulation, which includes regulating the alcohol, tobacco and motor fuel industries; (4) Financial Control, which includes accounting for revenues and expenditures, revenue estimating and payroll operations; and (5) Data Services, which entails responsibility for data processing/computer services for most state agencies.

Executive Direction and Administration

Office of the Comptroller

The Office of the Comptroller provides executive direction for the Comptroller of the Treasury, including staff support for the comptroller and deputy comptrollers. The public affairs and training functions are also included, as is support for the comptroller's responsibilities as a member of the Board of Public Works. Administrative support and direction for the 24 Registers of Wills is also provided by the Office of the Comptroller.

Office of Administration and Finance

The Office of Administration and Finance provides centralized budgeting, accounting and procurement activities for the Comptroller of the Treasury. The office provides mailroom, printing and other administrative support services. This office also performs capital grant and loan administration as well as accounting for debt service on the state's general obligation bonds.

Office of Human Resources

The Office of Human Resources provides recruiting, personnel and equal employment opportunity services to the Comptroller of the Treasury.

Revenue Administration

Revenue Administration Division

The Revenue Administration Division processes personal, corporation, fiduciary, employer withholding, estate, tire fee, admissions and amusement, sales and use, and motor fuel tax returns. All remittances received with these returns are deposited through a Centralized Remittance Processing Center.

In addition, the division is responsible for providing assistance to taxpayers, adjusting taxpayer accounts, controlling all tax processing systems, accounting for and reporting all tax revenues received, and distributing the local income tax collected on Maryland state and local income tax returns to the subdivisions of Maryland.

Compliance Division

This division is responsible for business tax audits, compliance programs, delinquent tax collection, tax hearings and appeals, fuel quality testing; and alcohol and tobacco law enforcement.

Additionally, the Compliance Division is responsible for:

- administering the Uniform Disposition of Unclaimed Property Act pursuant to Title 17 of the Commercial Law Article of the Annotated Code of Maryland;
- collecting and distributing the Environmental Trust Fund revenue pursuant to Section 3-302 of the Natural Resources Article of the Annotated Code of Maryland, the Telephone Trust Fund revenue pursuant to Section 18-105 of Article 41 of the Annotated Code of Maryland, and the Telecommunications Access of Maryland Surcharge under Section 6-507 of Article 41 of the Annotated Code of Maryland; and
- enforcing the State Revenue License Laws under Title 17 of the Business Regulation Article of the Annotated Code of Maryland.

Regulation

Alcohol and Tobacco Tax Unit

This unit administers laws and regulations pertaining to alcoholic beverages and tobacco. The unit is responsible for regulating the manufacture, storage, transportation, sale and distribution of alcoholic beverages and cigarettes, and collects the excise tax on beer, wine, distilled spirits and cigarettes.

In fulfillment of its responsibilities, the unit issues licenses and permits, maintains alcoholic beverage price filings and credit control lists, and promotes fair trade practices in accordance with the law.

Motor Fuel Tax Unit

This unit licenses and regulates motor fuel dealers (i.e., anyone bringing petroleum products into Maryland for a first sale), all motor fuel resellers and all motor fuel users with bulk storage. It registers and licenses interstate motor carriers based in Maryland under the International Fuel Tax Agreement (IFTA), and it registers petroleum transporters operating in and through Maryland.

Financial Control

General Accounting Division

The General Accounting Division maintains the state's general ledger and other official accounting records, which account for all state funds; exercises overall appropriation control; performs compliance auditing on all disbursements; approves warrants for all money to be paid into or out of the treasury; countersigns and distributes all state treasury checks; promulgates general guidance on matters concerning internal control; prepares the state's comprehensive annual financial reports and certain other financial reports; makes certain calculations concerning the administration and distribution of revenues; and manages the contract for the audit of the state's annual financial report and all federal grants to the state.

Bureau of Revenue Estimates

The Bureau of Revenue Estimates carries on continuing studies and reviews of the economic and business situations as they affect the revenue of the state. The bureau serves as executive secretariat to the Board of Revenue Estimates, which is composed of the state comptroller, state treasurer and secretary of budget and management. It prepares various reports on revenues throughout the year.

Central Payroll Bureau

The Central Payroll Bureau pays biweekly salaries to all state employees of the legislative, judicial and executive branches as well as the University of Maryland System. Special payments for services of employees hired on a contractual basis are also paid through this bureau. The Central Payroll Bureau is dedicated to providing services to state employees, agency payroll offices, and to other government entities through timely and accurate wage and other associated payments; through the provision of direct deposit services; and by the management of the deductions and payment distribution of over 165 unique payroll deductions.

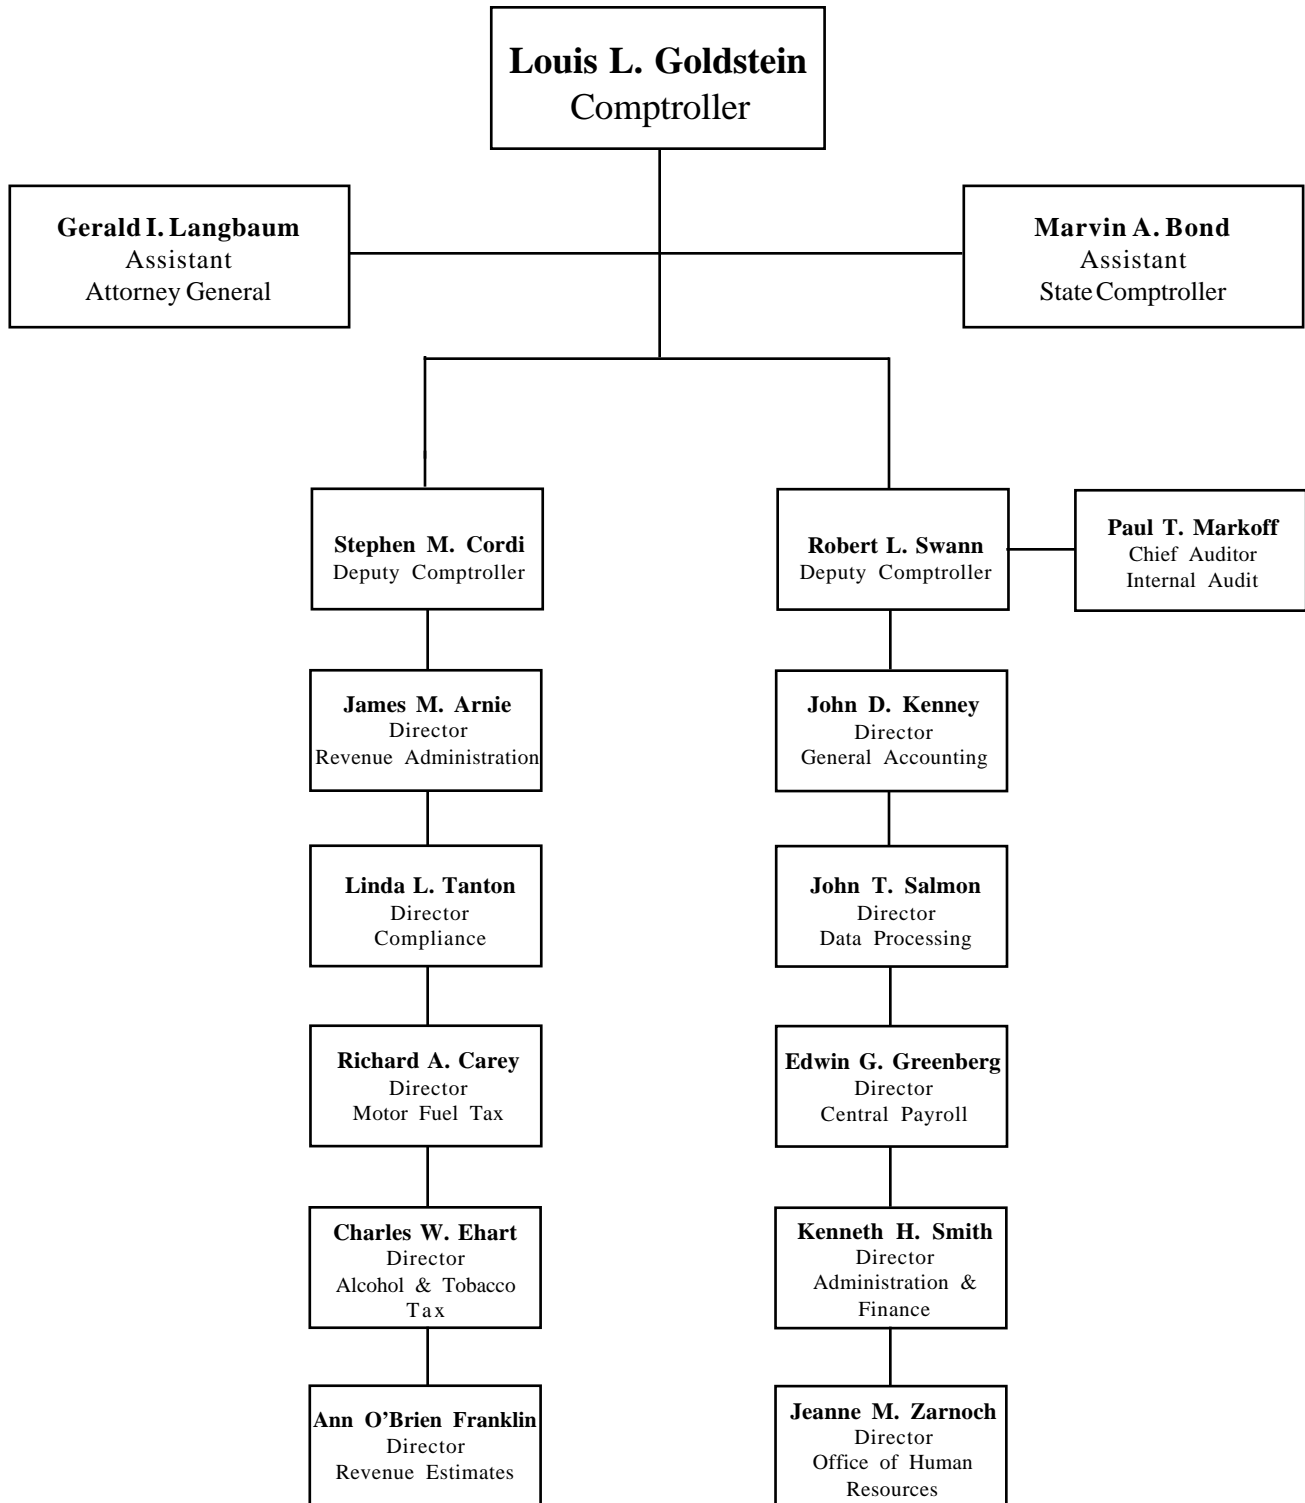

Data Services

Data Processing Division

This division functions as a service bureau, providing modern data processing/computer services to most state agencies. The division includes a large computer center in Annapolis, known as the Annapolis Data Center. The computer center is connected to more than 19,000 remote terminals throughout the state and is critical to the daily operation of most state agencies. The security and privacy of information is of the highest priority.

Corporation Income Tax

During fiscal year 1997, the Revenue Administration Division collected \$348.1 million in corporation income tax revenues.

The revenues from Maryland's corporation income tax are allocated between the general fund and various trans-

portation programs on the basis of a complex formula. The following table lists the revenues that were distributed to each of the various funds during fiscal year 1997.

Allocation of Corporation Income Tax Receipts

(Dollars in Thousands)

General Fund		\$	265,987
Special Funds:			82,064
Transportation Trust Fund	\$	37,291	
Gasoline and Motor Vehicle Revenue Account		44,773	
Total		\$	348,051

Revenues from the gasoline and motor vehicle revenue account are distributed among the Department of Transportation and local governments on the basis of the following formula:

- ◆ 70% to the Department of Transportation
- ◆ 15% to Baltimore City
- ◆ 15% to the remaining cities, counties and towns

Sales and Use Tax

During fiscal year 1997, the Comptroller's Office collected \$2.09 billion in net sales and use tax receipts. Tax collections totalled \$2.10 billion, and refunds totalled \$10.1 million.

The taxable food and beverage group produced the largest amount of revenue (\$435.9 million), followed by the general merchandise group (\$394.3 million). The furniture, fixtures and appliance group produced the third largest amount (\$280.5 million).

Among the geographic regions, Baltimore County generated the most revenue (\$325.4 million), followed by Montgomery County (\$309.5 million), Prince George's County (\$252.0 million), Baltimore City (\$211.3 million) and Anne Arundel County (\$179.5 million).

Table 3 represents a two-year comparison of sales and use tax revenue by county. Table 4 presents sales and use tax collections by county and principal type of business for fiscal year 1997.

Unclaimed Property Receipts

The Comptroller's Office is also responsible for administering the Uniform Disposition of Unclaimed Property Act. It is responsible for the care, custody and control of all tangible property presumed abandoned or unclaimed. The value of the property may be claimed by its rightful owner at any time subsequent to this distribution.

The table below presents an analysis of collections and distributions of unclaimed property receipts during fiscal year 1997.

Energy Generation Surcharge

The Comptroller's Office also collects and distributes to the Environmental Trust Fund revenue collected from the energy generation surcharge. During fiscal year 1997, \$7.6 million was collected from this revenue source.

Emergency Telephone System Tax

The Comptroller's Office collects the emergency telephone system tax. This revenue is used to fund local emergency 911 telephone systems. During fiscal year 1997, \$21.3 million was collected from this revenue source.

Telecommunications Access of Maryland

The Comptroller's Office collects the telecommunication access of Maryland tax. This revenue is used to provide telephone service to the hearing and speech impaired citizens of Maryland. During fiscal year 1997, \$4.3 million was collected from this revenue source.

Tire Recycling Fee

The Comptroller's Office is responsible for collecting the tire recycling fee. The proceeds go to a special fund administered by the Department of Environment for scrap tire removal and recycling. During fiscal year 1997, \$5.0 million was collected from this revenue source.

Estate Tax

The Comptroller's Office collects the estate tax from the executors and administrators of Maryland-situs estates. During fiscal year 1997, \$38.1 million was collected from this source and deposited into the general fund.

Savings and Loan Association Franchise Tax

The Comptroller's Office also collects the franchise tax on shares of savings and loan associations. This annual tax is levied at the rate of 0.013% of the total withdrawal value of the deposits that a savings and loan association holds in Maryland. During fiscal year 1997, \$1.54 million was collected from this tax for deposit into the general fund.

Alcohol and Tobacco Taxes

During fiscal year 1997, the Comptroller's Office collected \$155.7 million in alcohol and tobacco tax revenues for the state general fund.

Table 7 presents a two-year comparison of alcohol and tobacco tax revenue.

New Tax Legislation

Income Tax

SB2 (Chapter 320). Creates a credit against the state income tax for income taxes paid in prior years to another state if the taxes are attributable to income from installment sales, and that income is recognized for federal tax purposes in the current year. The credit is the lesser of the tax paid to the other state attributable to the income recognized in a taxable year, or 5% of the income recognized in a taxable year. Effective July 1, 1997.

SB228 (Chapter 228). Creates a credit for employers who hire individuals with disabilities who are certified by the Division of Rehabilitative Services of the Maryland Department of Education. The credits can be claimed against the individual and corporate income taxes, the public service company and financial institution franchise taxes, or the insurance company premium tax. These credits are allowed for individuals hired between October 1, 1997 and January 1, 2001.

SB229 (Chapter 755). Expands eligibility for the existing job creation tax credit program. Eligible businesses that expand or establish a facility in a state priority funding area would qualify for a per-employee credit of up to \$1,500 if they hire at least 25 employees over a two-year period. Under the current program, businesses need to hire at least 60 new employees over a two year period. Additionally, companies engaged in business services are allowed to qualify for the credit if they are located in a state priority funding area. The additional \$500 tax credit allowable for qualified employees that meet the definition of disabled individual is repealed. Effective October 1, 1997 and shall apply to all taxable years beginning after December 31, 1996 and for all employees hired after December 31, 1996.

SB712 (Chapter 623). Authorizes a county or municipality to grant a tax credit against the real and personal property tax of a business that locates or expands within its jurisdiction and meets certain eligibility criteria. If a property tax credit against county or municipal taxes is granted to a business, that business can also claim a state tax credit against the individual or corporate income tax, the insurance premiums tax, the financial institution franchise tax, or the public service company franchise tax. Effective October 1, 1997 and shall apply to all taxable years beginning after December 31, 1996, but before January 1, 2006.

SB746 (Chapter 629). Subjects the gross receipts of local exchange carriers' regulated business to the corporate income tax, but provides all telecommunications companies with a non-refundable income tax credit in the amount of 60% of state, county and municipal property tax paid on real property except for land. Cables, lines, poles and towers of telecommunications companies are reclassified as operating personal property, and revenues from internet access service are made exempt from the public service company franchise tax. Effective July 1, 1997.

HB156 (Chapter 404). Increases the threshold amount of income tax withholding which requires monthly filing from \$400 per quarter to \$700 per quarter. Also, allows an employer to file a withholding return annually rather than quarterly if the total amount of income tax required to be withheld is reasonably expected to be less than \$250. Effective October 1, 1997, and shall apply to all calendar years beginning after December 31, 1997.

HB157 (Chapter 405). Provides that a tax return preparer can be found guilty of a misdemeanor for preparing a false income tax return or claim for refund if acting with fraudulent intent, in addition to acting with intent to evade taxes. Additionally, the penalties (maximum \$5,000 fine and/or a maximum of five years imprisonment) are applicable even if the preparer is preparing his or her own return. Effective July 1, 1997.

HB159 (Chapter 406). Authorizes the comptroller to require third party payors of tax payments on the behalf of employers to make such payments in immediately available funds to the state if the aggregate payments total \$20,000 or more for any period. Any amounts for which a third party payor or agent does not receive timely payment from an employer shall be excluded for purposes of determining whether the total amount of payments to be made by the payor or agent exceeds \$20,000 in the aggregate and may not be required to be paid in immediately available funds. In addition, any interest or penalty assessed due to a third party payor or agent's failure to make payment in immediately available funds shall be paid by the third party payor or agent. Effective July 1, 1997.

HB511 (Chapter 4). Reduces the state income tax by 10%. The reduction will be phased in over five years, by lowering the top rate from 5% to 4.75% in increments of 0.05% per year beginning in tax year

1998, and increasing the personal exemption from \$1,200 to \$2,400. The personal exemption is increased from \$1,200 to \$1,400 in 1998; \$1,600 in 1999; \$1,850 on 2000; \$2,100 in 2001; and \$2,400 in 2002. The bill decouples the piggyback tax from state tax so that the local tax is not affected by these reductions.

HB874 (Chapter 485). Creates a \$3,000 subtraction modification for the individual income tax for qualifying volunteer police officers. To qualify for the modification, an individual must qualify for active status under a length of service award program established by the Police Training Commission in conjunction with the Maryland Association of Counties and the Maryland Municipal League program, or must have maintained active status for at least 25 years under that program. The individual must also have been an active member for at least 72 months during the last 10 calendar years by the end of the tax year. Effective July 1, 1998, and shall apply to all tax years beginning after December 31, 1998.

HB1263 (Chapter 731). Increases the heritage structure rehabilitation tax credit from 10% of qualified rehabilitation expenditures to 15%. Effective October 1, 1997, and shall apply to all taxable years beginning after December 31, 1997.

Sales and Use Tax

SB298 (Chapter 345). Exempts from the sales and use tax certain expense reimbursements incurred while providing taxable detective services. Effective July 1, 1997.

HB511 (Chapter 4). Creates a credit against the sales and use tax for a portion of the tax paid on tangible personal property used in a production activity, and exempts such property from the sales and use tax beginning in fiscal 2001. Effective beginning in fiscal year 1999.

HB1010 (Chapter 509). Exempts from the sales and use tax any sale of magazine subscriptions in a fund raising campaign by an elementary or secondary school, nonprofit parent-teacher organization, or other nonprofit organization within an elementary or secondary school in the state if the net proceeds are used solely for the educational benefit of the school or its students. Effective July 1, 1997.

Alcohol and Tobacco Taxes

SB808 (Chapter 383). Imposes a statewide limitation on the amount of floor space that a retail licensee may devote to the sale of alcoholic beverages. Approval of the local licensing authority and the Comptroller is required for a retail premise in excess

of the limitation; establishes procedures, requirements of issuance, etc. Effective October 1, 1997.

HB202 (Chapter 417). Increases the barrelage limitation placed on Class 7 micro-brewery license holders to 22,500 barrels; authorizes a Class 7 licensee to hold a Class 2 rectifying license under specified conditions; authorizes Class 2 licensees to sell to wholesalers; authorizes Class 7 micro-brewery licensees to contract, brew and store the finished product at another licensed location. Effective June 1, 1997.

HB1006 (Chapter 704). Prohibits licensed cigarette manufacturers or affiliates from having a financial interest in a wholesale business and vice versa; authorizes the manufacturer to act as an agent for a wholesaler under certain circumstances as approved by the comptroller. Effective July 1, 1997.

Motor Fuel Tax

HB160 (Chapter 407). Only entities transporting motor fuel in conveyances having a capacity that exceeds 1,749 gallons, exclusive of the fuel supply tank for their own propulsion, are required to register as petroleum transporters. The comptroller will no longer assign petroleum identification numbers to each vehicle used to transport motor fuel. A letter of registration will be issued to each applicant that meets the requirements. The bill authorizes the comptroller to establish through regulations those petroleum transporters required to file monthly reports. Effective July 1, 1997.

HB167 (Chapter 410). Authorizes the comptroller to inspect or draw samples from the propulsion tank of any special fuel powered motor vehicle used for business purposes during normal business hours or when the vehicle is in operation. A denial of access by any person who operates such a vehicle is prima facie evidence of a violation of the state motor fuel and lubricants law. Effective October 1, 1997.

HB169 (Chapter 411). Motor carriers whose operations are intrastate only and who register (tag) all intrastate commercial motor vehicles with the Motor Vehicle Administration for operation within the state are not required to file a motor carrier tax return or to obtain identification markers for those commercial motor vehicles to operate in the state. The bill also repeals the exemption on a motor carrier tax return for a commercial vehicle used to transport certain migrant agricultural workers, allows motor carriers to obtain an unlimited number of trip permits to operate in the state, and eliminates the 15 day grace period before determining violation of failure to obtain a new identification marker. Effective January 1, 1998.

Estate and Inheritance Tax

HB762 (Chapter 693). Alters the fee structure and procedures for the administration of an estate. Provides an exemption from the inheritance tax for income accrued on probate assets, both gains and losses. Also, redefines small estates to be those with a net, rather than a gross, value of \$20,000 or less. Additionally, real property of estates that are not assessed based on use, no longer must be appraised. Rather, the full cash value as determined by the Department of Assessments and Taxation can be used. Effective for estates of persons dying on or after January 1, 1998.

HB1396 (Chapter 546). Prohibits an inheritance tax refund claim from being filed after three years from the date of the event that caused the refund. Effective for estates of persons dying on or after July 1, 1997.

Unclaimed Property

HB1276 (Chapter 732). Provides that credits in connection with the sale of consumer goods to a wholesaler or retailer in the ordinary course of business are not personal property subject to the Maryland Uniform Disposition of Abandoned Property Act. Effective October 1, 1997.
